DAILY GAZETTE.

The Battles on the Peninsula.

Wilkes' Spirit of the Times has the following vigorous criticism on the recent movements on the Peninsula:

Shocked and dejected at the unforseen result, the loyal public have anxiously endeavored to ascertain the cause; while, taking advantage of the general perturbation, every traitor in our midst has sought to locate the blame against the government. It is also a feature of this vicious clamor, nay, it is its leading feature, that all these denunciations of the government are invariably accompanied by the most fulsome eulogies of Gen. McClellan, and a schism is thus attempted to be set on foot, the object of which is either to open a presidential campaign in his favor, or to distract the public mind on the subject of the prosecution of the war.

This game has been going on now for a considerable time, and it appears to us a little singular, that Gen. McClellan suffers it to proceed, without a word calculated to rebuke the treason, and sustain the administration from such injurious slanders. He cannot fail to see that he is put forward virtually as the leader of this factious opposition, and that his pretended wrongs are the redoubts behind which these sneaking traitors level their shafts against the bosom of the country. A warfare of this sort, being made apparently in his interest, should receive a share of his attention; and if he be not able to drive back the armed insurgents, he can at least rebuke their slanderous allies who are co-operating with them in the midst of our society.

In looking back upon the battles of the week, and reviewing the fruitless valor of our soldiers in connection with the sad result, it is not difficult to arrive at the conclusion that the whole campaign of the Peninsula has been a blunder. The true road to Richmond was due south from Washington, by which course an army of 250,000 men, covering the capital as it advanced, might many a time during the last nine months have been driven in one compact mass upon the then debilitated rebel stronghold. The division of it into parts, so that one-half might make the strategic circuit round Robin Hood's barn, with the door open and the road clear (*vide* Jackson) towards the north, was the most fatal error that could have been committed; and the commanding general who consented to perform the leading part is truly responsible for the weakness of the scheme. If he did not approve of it, he should not have consented to it; if he thought his forces insufficient, his resignation would have been a more honorable and soldierly alternative than the sacrifice of the army. Being deficient in strength, he should not have located his forces amid swamps and extended his lines for thirty miles in the face of a compact and superior enemy, nor for a long period of days assumed the attitude of giving battle. The position in which he had placed himself, could hardly have been chosen worse. He was perfectly isolated from Pope's army and from Burnside's, while the rebels, with superior tactics, had made masterly combinations of their forces at a common center. Worst of all he separated himself from his gunboats, the co-operation of which was the argument that sent him to the Peninsula.

One would suppose that the military mind, which could, after the reflection of a fortnight, detect the fatal error of this inland isolation, might have seen its absurdity at the outset, and by occupying the river bank at the first available point below Fort Darling, moved forward with the gunboats acting as a left wing, and, in themselves, representing a strength equal to 30,000 men. He might have taken this position at Turkey Bend or Harrison's Landing before the battle of Fair Oaks, or on any day for a week after it; and it is most unfortunate that he did not think of a base of operations on the James river, until the enemy were prepared to make it cost us 20,000 lives.

It is proper that the people should think these things well over, and, while they give due credit to the wondrous valor of our troops, and the skill of these great captains, Heintzelman, Sumner, Kearney, and Franklin, who extricated them from their dreadful situation, administer condemnation wherever it may be due. Our seven days' struggle was one continuous retreat, conducted under a general order to that effect by the commander-in-chief; but its triumphs were reaped in a series of separated battles, the varying fortunes of which, the above named able marshals were separately obliged to steer and govern for themselves. All that we have to add on the subject of this week of fighting is, that the rebels suffered equally with ourselves, but, nevertheless, they have earned a great moral advantage, and the Union army has received a check which will retard its progress for six months.

A GOOD ONE ON SETH.—Some years since, Seth P. Johnson was elected a member of the —— legislature from one of the western counties. Desiring to make a favorable impression, he prepared himself with great care for his first speech. He commenced: "Mr. Speaker, when I reflect on the character of Gen. Washington —" and came to a sudden stop. Again he commenced: "Mr. Speaker, when I reflect on the character of Gen. Washington —" and again stopped. He essayed a third time and got no further, when a fellow-member brought him and the house both down by suggesting whether it was in order for a member of the house to be making reflections on the character of General Washington.

GIVING THEM CREDIT.—The Washington correspondent of the Evening Post says:

The western members of congress go home feeling very well satisfied with the legislation of congress. No two men deserve more credit than Messrs. Aldrich and Potter who worked very hard for the homestead law and for the Pacific railroad.—Mr. Potter did good service on the investigating committee respecting disloyal clerks in the employ of the government, and got no thanks for the unpleasant labor, except from the earnest friends of the government.

HAVING bought the Books and Accounts of Wm. H. & A. H. Eager, all indebted to said firm are requested to call and make immediate settlement—Said books and accounts are at my store, (People's Drug Store.) G. R. CURTIS.

IMPERIAL WINE

BITTERS,

ARE made from a pure and unadulterated Wine, which is about double the usual strength of other Wines, and is imported by only one house in the United States. Also, from the following valuable Roots, Herbs, &c., viz: Solomon's Seal, Spikenard, Camomile Flowers, Gentian, Wild Cherry Tree Bark, and Bayberry.

WE CHALLENGE

THE WORLD

to produce

THEIR EQUAL!

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all diseases which flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poison contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

DAILY GAZETTE.

The Battles on the Peninsula.

Wilkes' Spirit of the Times has the following vigorous criticism on the recent movements on the Peninsula:

Shocked and dejected at the unforseen result, the loyal public have anxiously endeavored to ascertain the cause; while, taking advantage of the general perturbation, every traitor in our midst has sought to locate the blame against the government. It is also a feature of this vicious clamor, nay, it is its leading feature, that all these denunciations of the government are invariably accompanied by the most fulsome eulogies of Gen. McClellan, and a schism is thus attempted to be set on foot, the object of which is either to open a presidential campaign in his favor, or to distract the public mind on the subject of the prosecution of the war.

This game has been going on now for a considerable time, and it appears to us a little singular, that Gen. McClellan suffers it to proceed, without a word calculated to rebuke the treason, and sustain the administration from such injurious slanders. He cannot fail to see that he is put forward virtually as the leader of this factious opposition, and that his pretended wrongs are the redoubts behind which these sneaking traitors level their shafts against the bosom of the country. A warfare of this sort, being made apparently in his interest, should receive a share of his attention; and if he be not able to drive back the armed insurgents, he can at least rebuke their slanderous allies who are co-operating with them in the midst of our society.

In looking back upon the battles of the week, and reviewing the fruitless valor of our soldiers in connection with the sad result, it is not difficult to arrive at the conclusion that the whole campaign of the Peninsula has been a blunder. The true road to Richmond was due south from Washington, by which course an army of 250,000 men, covering the capital as it advanced, might many a time during the last nine months have been driven in one compact mass upon the then debilitated rebel stronghold. The division of it into parts, so that one-half might make the strategic circuit round Robin Hood's barn, with the door open and the road clear (*vide* Jackson) towards the north, was the most fatal error that could have been committed; and the commanding general who consented to perform the leading part is truly responsible for the weakness of the scheme. If he did not approve of it, he should not have consented to it; if he thought his forces insufficient, his resignation would have been a more honorable and soldierly alternative than the sacrifice of the army. Being deficient in strength, he should not have located his forces amid swamps and extended his lines for thirty miles in the face of a compact and superior enemy, nor for a long period of days assumed the attitude of giving battle. The position in which he had placed himself, could hardly have been chosen worse. He was perfectly isolated from Pope's army and from Burnside's, while the rebels, with superior tactics, had made masterly combinations of their forces at a common center. Worst of all he separated himself from his gunboats, the co-operation of which was the argument that sent him to the Peninsula.

One would suppose that the military mind, which could, after the reflection of a fortnight, detect the fatal error of this inland isolation, might have seen its absurdity at the outset, and by occupying the river bank at the first available point below Fort Darling, moved forward with the gunboats acting as a left wing, and, in themselves, representing a strength equal to 30,000 men. He might have taken this position at Turkey Bend or Harrison's Landing before the battle of Fair Oaks, or on any day for a week after it; and it is most unfortunate that he did not think of a base of operations on the James river, until the enemy were prepared to make it cost us 20,000 lives.

It is proper that the people should think these things well over, and, while they give due credit to the wondrous valor of our troops, and the skill of these great captains, Heintzelman, Sumner, Kearney, and Franklin, who extricated them from their dreadful situation, administer condemnation wherever it may be due. Our seven days' struggle was one continuous retreat, conducted under a general order to that effect by the commander-in-chief; but its triumphs were reaped in a series of separated battles, the varying fortunes of which, the above named able marshals were separately obliged to steer and govern for themselves. All that we have to add on the subject of this week of fighting is, that the rebels suffered equally with ourselves, but, nevertheless, they have earned a great moral advantage, and the Union army has received a check which will retard its progress for six months.

A GOOD ONE ON SETH.—Some years since, Seth P. Johnson was elected a member of the —— legislature from one of the western counties. Desiring to make a favorable impression, he prepared himself with great care for his first speech. He commenced: "Mr. Speaker, when I reflect on the character of Gen. Washington —" and came to a sudden stop. Again he commenced: "Mr. Speaker, when I reflect on the character of Gen. Washington —" and again stopped. He essayed a third time and got no further, when a fellow-member brought him and the house both down by suggesting whether it was in order for a member of the house to be making reflections on the character of General Washington.

GIVING THEM CREDIT.—The Washington correspondent of the Evening Post says:

The western members of congress go home feeling very well satisfied with the legislation of congress. No two men deserve more credit than Messrs. Aldrich and Potter who worked very hard for the homestead law and for the Pacific railroad.—Mr. Potter did good service on the investigating committee respecting disloyal clerks in the employ of the government, and got no thanks for the unpleasant labor, except from the earnest friends of the government.

HAVING bought the Books and Accounts of Wm. H. & A. H. Enger, all indebted to said firm are requested to call and make immediate settlement.—Said books and accounts are at my store, (People's Drug Store.) G. R. CURTIS.

DR. J. BOVEE DODS'

IMPERIAL WINE

BITTERS,

ARE made from a pure and unadulterated Wine, which is about double the usual strength of other Wines, and is imported by only one house in the United States. Also, from the following valuable Roots, Herbs, &c., viz: Solomon's Seal, Spikenard, Camomile Flowers, Gentian, Wild Cherry Tree Bark, and Bayberry.

WE CHALLENGE

THE WORLD

to produce

THEIR EQUAL!

We do not profess to have discovered some Roots "known only to the Indians of South America," and a cure for "all diseases which flesh is heir to," but we claim to present to the public a truly valuable preparation, which every intelligent Physician in the country will approve of and recommend. As a remedy for

INCIPIENT CONSUMPTION,

Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, Diseases peculiar to Females, Debility, and all cases requiring a Tonic, they are

UNSURPASSED!

For Sore Throat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospel, Lawyers, and all public speakers—for Book-Keepers, Tailors, Seamstresses, Students, Artists, and all persons leading a sedentary life, they will prove truly beneficial.

As a Beverage, they are wholesome, innocent, and delicious to the taste. They produce all the exhilarating effects of Brandy or Wine, without intoxicating; and are a valuable remedy for persons addicted to excessive use of strong drink, and wish to refrain from it. They are pure and entirely free from the poison contained in the adulterated Wines and Liquors with which the country is flooded.

These Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.

Physicians, Clergymen and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

Gen. Curtis Safe.

It is confirmed that Gen. Curtis' army has arrived at Helena, Ark. This place is on the Mississippi, about eighty miles below Memphis. A portion of the army, under Col. Harvey of Illinois, were attacked by the enemy, fifteen miles below Des Arc, on White river, and the rebels were defeated and scattered. The Wisconsin eleventh were probably in this fight, as it is stated that Steele's brigade were engaged. It is well that Gen. Curtis is out of that miserable country, and in a position to give aid in taking Vicksburg.

Military Employment of Negroes.

The senate has passed a bill authorizing the president to receive negroes into the service of the army for constructing entrenchments and performing camp duty, or any other service for which the may be found competent. Such persons who may be the slaves of rebels, after performing service as above, shall be free, as well as the mother, wife or child of such slave. They are to be paid ten dollars per month for their work and rations.

Senator Wright, of Indiana, a democrat, made a strong speech in favor of this bill, and declared that if any general refuses to obey the clause about employing negroes, he would promptly turn him out of the army. He also declared that the rebellion would never be put down by the present policy of the administration.

There never was any good reason for not employing the negroes in this war. The objection to it has grown out of prejudice, which has no other foundation than the harping of demagogues on this subject.

Adjournment of Congress.

At the request of the President congress has postponed its final adjournment until Thursday, to morrow. The President, it is thought, has scruples about signing the confiscation act, and wants to have it "modified." We do not think congress could return the compliment, and ask the President to be more moderate than he has been in prosecuting the war. We are quite sure he will receive no notice from the people that he acts with too much vigor.

Conscription or Draft.

The senate has passed a bill authorizing the president to call out the militia, which amounts to a conscription or draft. This appears to be the fairest way of filling up the army. It will reach a class who never would volunteer. Men are needed now, and are not likely to be had under the volunteer system in time to be servicable for many months. This bill has yet to pass the house.

Migration of Blacks.

The bill of Mr. Doolittle for the establishment of a bureau of migration, for organizing and locating colonies for emancipated negroes, has been read twice in the senate and referred. Mr. Doolittle appears to work at this mine very hard, apparently being more anxious to expel the African race from this country than to obtain their aid in putting down the rebellion. We do not share in the fears expressed by Mr. D. about amalgamation and a general exodus of the negro race north; on the contrary, we believe they would go south by thousands, if allowed to live free in the cotton states. There they are needed as laborers, and any attempt to deprive the country of their services will end disastrously. We would spend no time nor money in this worse than useless business of expatriating the negro. We cannot do it, if we would, on account of the expense; and if we could, it would depopulate the south of the only people there who work and produce wealth.

Justice to Casey's Division.—General Keyes has submitted an official report in regard to the battle of Fair Oaks. In it, he says: "Casey's division held its line of battle for more than three hours, and the execution done upon the enemy was shown by the number of rebel dead left upon the field after the enemy had held possession of that part of it for upwards of twenty-four hours."

To Richmond by the James River.—The distance from McClellan's headquarters to the rebel capital, by land, is nineteen miles; but so irregular is the course of the James, that a boat has to sail sixty miles to reach the same destination. At one point, the stream makes such a sweep to the westward that the course is twenty miles around in an ascent of only two miles.

Military Items.—Commissions have been issued as follows:

Recruiting commission, for company No. 1, 22d regiment, to H. Crandall, Elkhorn; Chas. A. Holmes, Jefferson; and D. Noggle, Janesville.

To 1st Lieut. E. J. Peck as captain, 2d Lieut. Albert Stores as 1st lieutenant, and M. B. Pearsall as 2d lieutenant company H, 4th regiment.

To W. B. Dyer, general recruiting commission for the 20th regiment.

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

Last Night's Report.

St. Louis, July 14.

Dispatches to military authorities, received to-day, say that Gen. Curtis' command, about 14,000 strong, has reached Helena, Arkansas, where they are resting at present.

Information from Corinth to Thursday, says that Gen. Halleck was there, and the various divisions of his army in excellent condition, and eager for active operations. Bragg has about 40,000 troops at Tupelo, and some 35,000 more at Holley Springs and other places. Their movements are said to indicate offensive operations.

Kansas City, July 15.

Santa Fe mail with dates to the 30th has arrived. News unimportant. It is rumored that all the Texans, except one company, have left Arizona, and commenced their homeward march.

An engagement took place yesterday between a company of state militia and Quantrel's band, near Pleasant Hill. The rebels were finally repulsed with the loss of six killed and five mortally wounded. Our loss is nine killed and fifteen wounded. Capt. Kohle, commanding the militia, is reported wounded. Quantrel's coat and sabre, and a list of the names of all his men were taken.

Washington, July 14.

Senate.—The bill for the admission of Western Virginia was passed.

The bill punishing the fraudulent use of pastage stamps was passed.

The report of the committee of conference on the bill for the better government of the navy was agreed to, and the bill passed.

The resolution expelling Senator Simmons was reported back by the judiciary committee without any recommendation.

Mr. Wilson called up the bill amendatory to the act of 1795, calling forth the militia, offering a substitute for it.

House.—Mr. Stevens, from the committee on ways and means, reported a bill making appropriations to sundry and civil expenses. The bill is similar to that laid on the table on Saturday, with the exceptions that no provision is made, as in the former, for the purchase of copies of the annals of congress, which was the cause of its rejection.

Mr. Mallory moved to strike out the clause appropriating half a million dollars to carry out the colonization project contemplated by the District of Columbia confiscation act.

Mr. Stevens said this appropriation was rendered necessary by the terms of these laws themselves.

Mr. Mallory's motion was disagreed to—yeas 41, nays 73. The bill then passed.

A bill from the committee on ways and means was reported, imposing an additional cent per pound on sugar, with a proviso not to apply to sugar made from sorghum. Passed.

The project of slave emancipation, as recommended by the President, was laid before the house and referred to a select committee.

Mr. Colfax introduced a bill reducing mileage fifty per cent.

Mr. Aldrich offered a substitute repealing all laws giving mileage to members of congress.

Mr. Thomas offered an amendment including the present congress. Adjourned.

EVENING SESSION.

The president pro tem laid before the senate a message from the President transmitting a draft of a bill for compensating any state for abolishing slavery. The bill was read, and is the same as that sent to the house.

Mr. Powell wanted to know if it was in order for the president to introduce a bill into the senate.

The president pro tem said he had no comments to make on the propriety or character of any communication the President chooses to send to the senate.

Mr. Sumner moved that the President's message and bill be referred to the committee on finance.

Mr. Sherman objected.

After further discussion, Mr. Sherman withdrew his objection, and the message was referred to the committee on finance.

Mr. Sumner then offered a resolution that the resolution adjourning congress on Wednesday, 16th, be rescinded, in order to have time to legislate properly on this message and other subjects.

Objected to and laid over.

Mr. Foster made a motion to take up the bankrupt bill, which was done, and the bill made the special order for the second Monday in December.

Mr. Powell called up the bill to prevent members of congress and officers of the government taking any consideration for procuring contracts, place or office, returned from the house with amendments. The amendments were concurred in, and the bill passed.

Washington, July 15.

Senate.—Mr. Hale, from the naval committee, reported a joint resolution relating to the Stevens battery. The bill provides that all the right and title of the United States in Stevens' battery be released and committed to the heirs of Robert M. Stevens. The bill was passed.

Mr. Lane, of Kansas, called up the resolution calling upon the secretary of state to give the reasons for the arrest of Lieut. Col. Anthony. The resolution was modified so as to make the request of the President, and was then passed.

Mr. Howe introduced a bill further amending the articles of war. The bill provides that it shall be the duty of every United States officer to furnish protection to every slave approaching the Union line. If loyal men lose property by this order, they will be compensated.

Mr. Doolittle introduced a bill to establish a Bureau of Immigration.

Mr. Grimes called up the bill relative to letters of marque.

Mr. Trumbull opposed the bill on the ground that the rebels have no commerce at all, and if it was passed it would be a sort of recognition of the rebels. Letters of marque were never granted except against a recognized nation. After further discussion the bill was laid aside.

The bill amendatory of the act of 1795, calling for the militia, &c., was then taken up. The question was on Sherman's amendment limiting emancipation to those who enter the service of the United States to the slaves of rebels.

Mr. Lane, of Kansas, said they had 6,400 slaves in Kansas, a majority of whom belonged to loyal masters, and from the number he proposed to raise two regiments. The idea of putting these men into the field to fight bravely, and then after they had helped save the country to turn them again into slavery, was too outrageous to be thought of. The government who would do such a thing as that would deserve the vengeance of the Almighty. He proposed as an amendment, to pay loyal masters for their slaves.

Mr. Sherman, of Ohio, thought the question of emancipation had mingled with war measures as long as it was wise to do so. It is doubtful whether the country can bear the load of debt which the proposition to pay for all the slaves it employed, even it it were but for a single hour. He thought we had gone far enough in this matter. A scheme such as is proposed by the Senator from Kansas (Lane) will involve the country in ruin.

Mr. Lane, of Kansas, said he was disposed to deal fairly with loyal men. When their slaves are once armed they cannot be enslaved again. He proposed to pay loyal masters for them. It was perfectly lawful to use slaves of loyal men in the war of the revolution, and the war of 1812. It was done; but according to the present policy, he said, they could not be used against traitors.

Mr. Pomeroy, of Kansas, did not propose to commit the government to any policy in regard to buying slaves, whether their masters were loyal or disloyal men. The government had hung a man lately for engaging in the slave traffic. He should vote against all these amendments. After further debate, Sherman's amendment was adopted by yeas 18, nays 17.

Mr. Browning moved to strike out the words "mother, wife and children." Lost—17 to 20.

Mr. Browning moved that such mother, wife and children should not be freed unless belonging to rebels. Adopted—21 to 16.

Mr. Wright spoke at length in favor of the policy of employing slaves.

Mr. Henderson followed, urging a more vigorous prosecution of the war.

After further debate the bill passed—28 against 9.

The house resolution postponing the adjournment till Thursday was adopted.

The senate passed the house bill providing an additional duty on sugar.

The senate passed the house bill making supplementary appropriations, with amendment, including $15,000 to purchase artificial limbs for wounded soldiers.

A message was received from the President requesting the senate to postpone its adjournment at least one day beyond the time fixed.

Recess till seven o'clock.

House.—Mr. Bingham, from the judiciary committee, to whom the joint resolution further to prouide for compensation to members of congress was referred, reported the following:

Resolved, That until further orders of congress, the secretary of the senate, and sergeant-at arms of the house, shall receive as a valid excuse for absence from duty, active employment in the military service for the suppression of the rebellion.

The resolution passed.

A notice was read from the speaker requesting the adjournment of congress postponed one day, and a resolutions was dopted extending the time of adjournment until Thursday.

The bill for the ascertainment of the amount expended by the United States in arming troops, and the sum thus ascertained to be a set off on the direct tax imposed on the state was passed.

The bill requiring the commanders of merchant vessels to take the oath of allegiance was passed.

The bill passed explanatory of the fifth section of the confiscation act, so that its action will not be retractive.

Adjourned.

Louisville, July 15th.

Three members of Hewitt's battery, who escaped from Murfreesboro, report that the battery and 3rd Minnesota surrendered. Col. Duffield was mortally wounded, and Gen. S. S. Crittenden, of Indiana, is a prisoner. An escaped prisoner asserts that the 1st, 2d, and 4th Ga., and the 1st Ky. regiments, Texan Rangers, and 1700 mounted infantry, under command of Forest and Warner, 6,000 in all, are advancing on Nashville. The 4th Pa. cavalry, and the 74th Ohio, have arrived from Lebanon. Four regiments are coming from Huntsville. A convalescent camp of 150 of the 11th Mich. are still in this city with their camp equipage.

Corinth, July 15.

At headquarters I am officially informed of the arrival of Gen. Curtis' army at Charleston, on the 11th, after a brisk skirmish, wherein the rebels were worsted.

Six thousand made a stand on Corckie river, near Round Hill. Col. Harvey, of the 33rd Illinois, commanding the advance of Steele's division, was afterwards reinforced by two companies, and attacked and completely routed the rebels, scattering them in all directions, nearly all going towards Little Rock. They also evacuated Demval's Bluff.

Later.—Gen. Curtis' advance has reached Helena. The army is in good condition and spirits; provisions scarce, but supplies are coming from Memphis.

The Louisville Bulletin says that Morgan's band last night destroyed a long bridge on the Kentucky Central railroad, between Cynthiana and Paris.

A gentleman residing near Cynthiana says that Morgan's movements on Frankfort and Lexington were feints, the real object being to strike the railroad at Paris and destroy Townsend Viaduct, which it would take six weeks to reconstruct, and then destroy the property in Bourbon county, and then return to Harrodsburg or Mt. Sterling.

Advices from Lexington last night, to Mayor Hatch renders part of the above improbable.

Reports this evening say that the railroad track between Lexington and Frankfort has been torn up by guerrillas.

Memphis, July 11.

Guerrillas near Memphis are becoming very bold, burning cotton almost in sight of the city, disguising themselves as cotton buyers to find where it is secreted, and then come in force to burn it.

Seven scouts of the 11th cavalry near Henando, on Friday, were attacked and two were wounded and captured. The balance escaped.

Louisville, July 14.

It was the 9th instead of the 14th Michigan which was surrounded at Murfreesboro. The 11th Michigan arrived at camp, near Louisville Fair Grounds, yesterday noon, after an unsuccessful three days chase of Morgan.

New York, July 15.

The steamer Ariel has arrived from Aspinwall with $141,000 in treasure. The capitol of Mexico is temporarily removed to Santiago de Veraquas. Families are flying from the city to avoid the anticipated danger.

New York, July 15.

Notwithstanding the weather there was an immense gathering of loyal citizens, this afternoon, at Union Square, and equal to that held in April last, just after the fall of Sumter. Five stands for speakers were provided and the several presiding officers were Mayor Opdyke, Morrell, president o chamber of commerce, Hon. Hamilton Fish, Prof. Francis Seder and Gen. Fremont.—Among the many speakers were Rev. Dr. Rufus W. Clark, Samuel Osgood, Richard Starks and Francis Venton, and the presidents of the several meetings. All the speakers were vehemently in favor of upholding the government in all its war measures, until the the last armed rebel had surrendered. The enthusiasm among the mass was very strong and every allusion to the President or any of the generals in the field was vehemently cheered, as were also all depreciatory allusions to foreign intervention in our affairs.

Cairo, July 14.

Special to Chicago Tribune.—From Memphis I have very reliable information that Jeff. Thompson was about twenty miles south of that place, on the Grenada road, with a force of 15,000 men. There is also a cavalry force of 600 men under Claib Jackson just south of the Memphis and Charleston road, and another force of 400 just north of that road, both distant fifteen miles from Memphis. These are the forces who for some time have been devastating the country about there, and burning cotton.

An order was issued by the provost marshal at Jackson last week, requiring residents to come in and take the oath of allegiance, and the city authorities, refusing to do so, were on Friday morning arrested.

A large lot of cotton was burned about eight miles from there on Friday.

Vicksburg, July 12, via Cairo, July 15.

Your correspondent has been down to the point immediately opposite the city. The town is apparently deserted, nobody being visible except a few soldiers in the batteries. The batteries are so planted as to be little visible from the river, and are evidently capable of making a stout defense. A rebel flag was flying from one of the public buildings, and a hospital flag from one of the larger buildings in the city.

To-Day's Report.

(Reported Exclusively for the Daily Gazette.)

MORNING DISPATCHES.

Washington, July 15.

The confiscation bill has not yet returned to congress with the president's approval. It is generally thought his request for a prolongation of the session has reference to that measure. There is some hesitancy in signing the act. A report has been circulated, to-day, that the president is preparing a veto message; while another rumor among politicians is that he will suggest modifications of the bill. In either event there is no doubt, judging from the large majority by which it was passed, namely, of two-thirds in the senate and nearly so in the house, that congress will not adjourn without securing a measure of that character.

The border state representatives, to-day, finally agreed upon their reply to the President's emancipation proclamation. It is represented as temperate and respectful. They cannot, for reasons stated, endorse his policy, and differ from his belief that the declination of these states to act upon and adopt it, may or will prolong the war. They join in the recommendation that these states give it a respectful consideration, but in no way commit themselves to its support. Probably twenty members of congress have been in consultation on the subject. Some of those from the border slave states were not present at the meeting, while others have left the city. Several will prepare a reply of their own.

New York, July 16.

At a meeting of grain shovelers, last evening, it was agreed that they would go to work, to-day, on any vessel not employing elevators.

Times' Washington dispatch states that the real reason for the request of the President to postpone the adjournment of congress one day is, that he is troubled about the confiscation bill. He says he did not receive the bill till late, and did not have time to give it that careful examination he desired. He has been engaged all day writing a message on the subject. Of course it will be looked for with great interest. It is rumored that he will veto the bill. Of course he would not write so elaborately to give it his approval. He will probably return the bill without his signature, and point out the changes he thinks essential to make the act politic and bring it within the pale of the constitution.

The reply of the border state representatives to the president is withheld waiting his action on the confiscation bill. In a certain contingency the correspondence may not be published at all. There is a division of sentiment of the border states on the main subject. Fisher of Delaware, Blair of Virginia, Carry of Kentucky and Maynard of Tennessee, will advocate immediate action by their states. All the other representatives decline to commit themselves unless the government shall first make the appropriation necessary to consummate the scheme. May, of Maryland, refuses to recognize the subject at all.

Rumors are current and credited, to-night, that important changes in high quarters are to be made. No action will be made on the Niagara ship canal project, the papers having been referred to a select committee consisting of Messrs. Van Horn, Blake, Menzies, Trowdridge, Rice, Davis and Cravens, which will not report till after the recess.

Herald's dispatch.—It is said that the committee on ways and means agreed, to day, to report to the house a bill making postage stamps a legal currency, and that the idea was recommended by Secretary Chase.

AFTERNOON DISPATCHES.

New York, July 16.

The Persia from Liverpool via Queenstown 6th, arrived at her dock at noon, to-day. The New York correspondent of the Times, after pointing out the difficulties of the present position of the Union forces, contends that the capture of Richmond will make no difference except merely to transfer the war further south. The truth is, an armistice, and then a settlement of this deadly quarrel by peaceful separation, is the only solution of the difficulty.

The Army and Navy Gazette says:—Although it has always maintained the power of the north to take the principal military points in the south, there has been no time since Bull Run when their position and ability to do so looked more precarious. It thinks the battle of Richmond will determine the fate of the campaign in Virginia, but will not stop the war. In the meantime there is no chance for the smallest intimation of good offices.

The Times had given place to a letter to a Mr. Patter, president of the Manchester chamber of commerce, in which the writer urges the government to grapple with the cotton question in India; and on the following day another correspondent contended that government interference would be prejudicial. It is stated that the military staff in Canada would soon be what it was before the Trent affair. The propriety of opening communication with Grenada and British Columbia was debated. Government admitted that such communication was very desirable.

Admiral Graviere embarked on the 3d of July, in the iron-plated frigate Normandy.

London, July 6.

The Daily News says: The Americans in London met on the 4th of July to celebrate the day, but no account of the proceedings is given. The same journal, editorially, denounces in sarcastic terms the mischievous malignity of the Times, for its Pharicaical and ill-feeling to America in her hour of trouble.

The Morning Star has also a denunciation of the Times for its outrage on America's sensibilities on the most sacred of days to the American people. It hopes that Americans will see the insolence of the un-English writers with disdain, and says the writer is not more the enemy of their country than the disgrace of his own.

The Morning Herald argues that the prosecution of the war, and the celebration of the 4th of July, constitute as glaring a case as was ever alleged against a civilized nation, and that if professions meant anything in America, the mere reading of the Declaration of Independence should suffice to condemn the invasion of the confederate states, as utterly inexcusable in principle, and erroneous in policy.

The Epoche of Madrid says the Spanish government has received most satisfactory communications from its representatives at Washington as to the favorable effect produced upon the United States by the disinterested policy which Spain has adopted with regard to Mexico. The present relations of the cabinets of Madrid and Washington are most cordial.

Apportionment of the New Regiments—The Madison Journal says: Governor Salomon has apportioned the state into five districts, for the purpose of raising the five new regiments called for, in response to the recent call of the president. The districts are as follows:

1. Racine, Kenosha, Waukesha, Walworth, Jefferson, Rock, and Green.
2. Milwaukee, Ozaukee, Washington, Sheboygan, Dodge, and Jefferson.
3. Dane, Columbia, Sauk, Marquette, Waushara, Iowa, and La Fayette.
4. Fond du Lac, Winnebago, Calumet, Manitowoc, Kewaunee, Door, Brown, Outagamie, Oconto, Waupacca, Shawanaw, Portage, Wood, and Marathon.
5. Grant, Crawford, Richland, Vernon, Juneau, Adams, La Crosse, and the counties to the north not already mentioned.

We understand that Gov. Salomon has tendered the coloneley for the first district to Hon. Wm. L. Utley, of Racine, late adjutant general of the state; and that in the second district it will be given to Hon. Chas. Larrabee, late major of the fifth regiment.

☞ At the anniversary exercises of the Rockford Female Seminary, Miss A. Josephine Miller, of this city, read an essay—"The Universal Genius."

The Eighth Regiment.—The Madison Journal of Tuesday says:—Lieutenants King, of company G, and Smith, of company K, 8th Wisconsin, arrived in this city last evening, direct from Corinth. They left the regiment last Saturday morning. The regiment was then encamped about nine and a half miles below Corinth, in a healthy and pleasant locality. We are glad to learn that the sanitary condition of the men, instead of growing worse as the season advances, is rapidly improving. At one time the regiment mustered only 450 effective men. It now has over 650 men on duty, and the number is constantly increasing.

Lieutenants King and Smith have returned in order to recruit for the 8th, and fill it up to the maximum.

Lieut. Col. Robbins returned to the regiment last week, having recovered from his indisposition.

Maj. Jefferson, whose serious illness we have hitherto mentioned, is now convalescent, and expects to be able to resume his duties within a fortnight.

☞ Secretary Chase recommends that congress pass a bill for making postage stamps a legal tender, to avoid the difficulty about small change.

☞ It is said that Gen. Pope's address to his army excites indignation among the friends of McClellan. We think Pope's friends are not very proud of it.

Fairbanks' Scales.—Weighed in the balance of a just criticism, all are obliged to admit that the scales of Fairbanks & Co. are, without exception, the best ever invented. We know whereof we affirm, because we have tested their value, and are fully satisfied of their superior merits. The introduction of these scales has wrought a revolution in the transaction of various business, and their accuracy is such that a uniformity in weights has been established all over the country, thus making them a *national, legalized standard.* Nor are they confined to the United States; they have found their way to almost every part of the world, and are adapted to the standards of all countries, so that it may be said, all nations, if not "weighed in these balances," at least weigh by them.—*Hunt's Merchants' Magazine.* jul6daw1

Chicago Market.

Tuesday, July 15—3 P. M.

The news from New York being of a more favorable character, the leading markets to-day were firmer.—Wheat advanced ½a1c per bushel, with a fair shipping demand—closing steady at 84½a85c for amber Iowa, 81a81½c for No. 1, 74a75c for No. 2, and 66c for rejected spring in store. The flour market ruled steady and firm at yesterday's prices.

Corn was quiet and easier, but without any material change. Old mixed sold at 26a27½c afloat, and 26½a27c in store. Rejected at 25c afloat, and 24c in store.

Oats were steady at 26c. Rye was firmer and advanced ½a¾c, with sale at 41½a41¾c. Barley quiet.—Highwines were held firmly and advanced ½c per gallon, with sales at 20c.

Lake freights were steady at 11¼c for corn to Buffalo, and 14¾c for corn to Kingston.

Eastern exchange is steady at yesterday's quotations, viz: buying at par a¼ per cent discount and selling at par a¼ per cent premium. Currency is in fair supply at 7a10 per cent per annum for satisfactory business paper. Gold is firm at 15 per cent premium buying, and 17a18 per cent selling. Legal tender notes are getting scarce as they occupy the relative position to currency as gold did before the suspension. The banks are buying at ¼ and selling at ½ per cent premium, Old demand notes are in request at 6½ per cent premium.—*Journal.*

Pimples and Skin Diseases—Are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds. This is very dangerous and should never be practiced by persons desirous of good health. Mothers who have children afflicted with sores and eruptions, should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is no mother that likes to see her child afflicted with feeble health.
JUDSON'S MOUNTAIN HERB PILLS are prepared expressly for the cure of eruptions of the skin, such as Pimples, Blotches, Sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.
Judson's Mountain Herb Pills are sold by all Medicine dealers. jy10dawlw

NEWSPAPERARCHIVE®

The Daily Gazette,

City of Janesville.

Wednesday Evening, July 16, 1862.

Official Paper of the City.

Forever float that standard sheet!
Where breathes the foe but falls before us
With Freedom's soil beneath our feet,
And Freedom's banner streaming o'er us

Gen. Curtis Safe.

It is confirmed that Gen. Curtis' army has arrived at Helena, Ark. This place is on the Mississippi, about eighty miles below Memphis. A portion of the army, under Col. Harvey of Illinois, were attacked by the enemy, fifteen miles below Des Arc, on White river, and the rebels were defeated and scattered. The Wisconsin eleventh were probably in this fight, as it is stated that Steele's brigade were engaged. It is well that Gen. Curtis is out of that miserable country, and in a position to give aid in taking Vicksburg.

Military Employment of Negroes.

The senate has passed a bill authorizing the president to receive negroes into the service of the army for constructing entrenchments and performing camp duty, or any other service for which the may be found competent. Such persons who may be the slaves of rebels, after performing service as above, shall be free, as well as the mother, wife or child of such slave. They are to be paid ten dollars per month for their work and rations.

Senator Wright, of Indiana, a democrat, made a strong speech in favor of this bill, and declared that if any general refuses to obey the clause about employing negroes, he would promptly turn him out of the army. He also declared that the rebellion would never be put down by the present policy of the administration.

There never was any good reason for not employing the negroes in this war. The objection to it has grown out of prejudice, which has no other foundation than the harping of demagogues on this subject.

Adjournment of Congress.

At the request of the President congress has postponed its final adjournment until Thursday, to-morrow. The President, it is thought, has scruples about signing the confiscation act, and wants to have it "modified." We do not think congress could return the compliment, and ask the President to be more moderate than he has been in prosecuting the war. We are quite sure he will receive no notice from the people that he acts with too much vigor.

Conscription or Draft.

The senate has passed a bill authorizing the president to call out the militia, which amounts to a conscription or draft. This appears to be the fairest way of filling up the army. It will reach a class who never would volunteer. Men are needed now, and are not likely to be had under the volunteer system in time to be servicable for many months. This bill has yet to pass the house.

Migration of Blacks.

The bill of Mr. Doolittle for the establishment of a bureau of migration, for organizing and locating colonies for emancipated negroes, has been read twice in the senate and referred. Mr. Doolittle appears to work at this mine very hard, apparently being more anxious to expel the African race from this country than to obtain their aid in putting down the rebellion. We do not share in the fears expressed by Mr. D. about amalgamation and a general exodus of the negro race north; on the contrary, we believe they would go south by thousands, if allowed to live free in the cotton states. There they are needed as laborers, and any attempt to deprive the country of their services will end disastrously. We would spend no time nor money in this worse than useless business of expatriating the negro. We cannot do it, if we would, on account of the expense; and if we could, it would depopulate the south of the only people there who work and produce wealth.

JUSTICE TO CASEY'S DIVISION.—General Keyes has submitted an official report in regard to the battle of Fair Oaks. In it, he says: "Casey's division held its line of battle for more than three hours, and the execution done upon the enemy was shown by the number of rebel dead left upon the field after the enemy had held possession of that part of it for upwards of twenty-four hours."

TO RICHMOND BY THE JAMES RIVER.—The distance from McClellan's headquarters to the rebel capital, by land, is nineteen miles; but so irregular is the course of the James, that a boat has to sail sixty miles to reach the same destination. At one point, the stream makes such a sweep to the westward that the course is twenty miles around in an ascent of only two miles.

MILITARY ITEMS.—Commissions have been issued as follows:

Recruiting commission, for company No. 1, 22d regiment, to H. Crandall, Elkhorn; Chas. A. Holmes, Jefferson; and D. Noggle, Janesville.

To 1st Lieut. E. J. Peck as captain, 2d Lieut. Albert Stores as 1st lieutenant, and M. B. Pearsall as 2d lieutenant company H, 4th regiment.

To W. B. Dyer, general recruiting commission for the 20th regiment.

What quadrupeds are admitted to balls, operas and dinner parties? White kids.

BY TELEGRAPH.

REPORTED FOR THE DAILY GAZETTE.

BY WISCONSIN STATE TELEGRAPH LINE, Office in Union Passenger Depot.

Last Night's Report.

ST. LOUIS, July 14.

Dispatches to military authorities, received to-day, say that Gen. Curtis' command, about 14,000 strong, has reached Helena, Arkansas, where they are resting at present.

Information from Corinth to Thursday, says that Gen. Halleck was there, and the various divisions of his army in excellent condition, and eager for active operations. Bragg has about 40,000 troops at Tupelo, and some 35,000 more at Holley Springs and other places. Their movements are said to indicate offensive operations.

KANSAS CITY, July 15.

Santa Fe mail with dates to the 30th has arrived. News unimportant. It is rumored that all the Texans, except one company, have left Arizona, and commenced their homeward march.

An engagement took place yesterday between a company of state militia and Quantrel's band, near Pleasant Hill. The rebels were finally repulsed with the loss of six killed and five mortally wounded. Our loss is nine killed and fifteen wounded. Capt. Kohle, commanding the militia, is reported wounded. Quantrel's coat and sabre, and a list of the names of all his men were taken.

WASHINGTON, July 14.

SENATE.—The bill for the admission of Western Virginia was passed.

The bill punishing the fraudulent use of postage stamps was passed.

The report of the committee of conference on the bill for the better government of the navy was agreed to, and the bill passed.

The resolution expelling Senator Simmons was reported back by the judiciary committee without any recommendation.

Mr. Wilson called up the bill amendatory to the act of 1795, calling forth the militia, offering a substitute for it.

HOUSE.—Mr. Stevens, from the committee on ways and means, reported a bill making appropriations to sundry and civil expenses. The bill is similar to that laid on the table on Saturday, with the exceptions that no provision is made, as in the former, for the purchase of copies of the annals of congress, which was the cause of its rejection.

Mr. Mallory moved to strike out the clause appropriating half a million dollars to carry out the colonization project contemplated by the District of Columbia confiscation act.

Mr. Stevens said this appropriation was rendered necessary by the terms of these laws themselves.

Mr. Mallory's motion was disagreed to—yeas 41, nays 73. The bill then passed.

A bill from the committee on ways and means was reported, imposing an additional cent per pound on sugar, with a proviso not to apply to sugar made from sorghum. Passed.

The project of slave emancipation, as recommended by the President, was laid before the house and referred to a select committee.

Mr. Colfax introduced a bill reducing mileage fifty per cent.

Mr. Aldrich offered a substitute repealing all laws giving mileage to members of congress.

Mr. Thomas offered an amendment including the present congress. Adjourned.

EVENING SESSION.

The president pro tem laid before the senate a message from the President transmitting a draft of a bill for compensating any state for abolishing slavery. The bill was read, and is the same as that sent to the house.

Mr. Powell wanted to know if it was in order for the president to introduce a bill into the senate.

The president pro tem said he had no comments to make on the propriety or character of any communication the President chooses to send to the senate.

Mr. Sumner moved that the President's message and bill be referred to the committee on finance.

Mr. Sherman objected.

After further discussion, Mr. Sherman withdrew his objection, and the message was referred to the committee on finance.

Mr. Sumner then offered a resolution that the resolution adjourning congress on Wednesday, 16th, be rescinded, in order to have time to legislate properly on this message and other subjects.

Objected to and laid over.

Mr. Foster made a motion to take up the bankrupt bill, which was done, and the bill made the special order for the second Monday in December.

Mr. Powell called up the bill to prevent members of congress and officers of the government taking any consideration for procuring contracts, place or office, returned from the house with amendments. The amendments were concurred in, and the bill passed.

WASHINGTON, July 15.

STNATE.—Mr. Hale, from the naval committee, reported a joint resolution relating to the Stevens battery. The bill provides that all the right and title of the United States in Stevens' battery be released and committed to the heirs of Robert M. Stevens. The bill was passed.

Mr. Lane, of Kansas, called up the resolution calling upon the secretary of state to give the reasons for the arrest of Lieut. Col. Anthony. The resolution was modified so as to make the request of the President, and was then passed.

Mr. Howe introduced a bill further amending the articles of war. The bill provides that it shall be the duty of every United States officer to furnish protection to every slave approaching the Union line. If loyal men lose property by this order, they will be compensated.

Mr. Doolittle introduced a bill to establish a Bureau of Immigration.

Mr. Grimes called up the bill relative to letters of marque.

Mr. Trumbull opposed the bill on the ground that the rebels have no commerce at all, and if it was passed it would be a sort of recognition of the rebels. Letters of marque were never granted except against a recognized nation. After further discussion the bill was laid aside.

The bill amendatory of the act of 1795, calling for the militia, &c., was then taken up. The question was on Sherman's amendment limiting emancipation to those who enter the service of the United States to the slaves of rebels.

Mr. Lane, of Kansas, said they had 6,400 slaves in Kansas, a majority of whom belonged to loyal masters, and from the number he proposed to raise two regiments. The idea of putting these men into the field to fight bravely, and then after they had helped save the country to turn them again into slavery, was too outrageous to be thought of. The government who would do such a thing as that would deserve the vengeance of the Almighty. He proposed as an amendment, to pay loyal masters for their slaves.

Mr. Sherman, of Ohio, thought the question of emancipation had mingled with war measures as long as it was wise to do so. It is doubtful whether the country can bear the load of debt which the proposition to pay for all the slaves it employed, even it it were but for a single hour. He thought we had gone far enough in this matter. A scheme such as is proposed by the Senator from Kansas (Lane) will involve the country in ruin.

Mr. Lane, of Kansas, said he was disposed to deal fairly with loyal men. When their slaves are once armed they cannot be enslaved again. He proposed to pay loyal masters for them. It was perfectly lawful to use slaves of loyal men in the war of the revolution, and the war of 1812. It was done; but according to the present policy, he said, they could not be used against traitors.

Mr. Pomeroy, of Kansas, did not propose to commit the government to any policy in regard to buying slaves, whether their masters were loyal or disloyal men. The government had hung a man lately for engaging in the slave traffic. He should vote against all these amendments. After further debate, Sherman's amendment was adopted by yeas 18, nays 17.

Mr. Browning moved to strike out the words "mother, wife and children." Lost—17 to 20.

Mr. Browning moved that such mother, wife and children should not be freed unless belonging to rebels. Adopted—21 to 16.

Mr. Wright spoke at length in favor of the policy of employing slaves.

Mr. Henderson followed, urging a more vigorous prosecution of the war.

After further debate the bill passed—28 against 9.

The house resolution postponing the adjournment till Thursday was adopted.

The senate passed the house bill providing an additional duty on sugar.

The senate passed the house bill making supplementary appropriations, with amendment, including $15,000 to purchase artificial limbs for wounded soldiers.

A message was received from the President requesting the senate to postpone its adjournment at least one day beyond the time fixed.

Recess till seven o'clock.

HOUSE.—Mr. Bingham, from the judiciary committee, to whom the joint resolution further to pronide for compensation to members of congress was referred, reported the following:

Resolved, That until further orders of congress, the secretary of the senate, and sergeant-at-arms of the house, shall receive as a valid excuse for absence from duty, active employment in the military service for the suppression of the rebellion.

The resolution passed.

A notice was read from the speaker requesting the adjournment of congress postponed one day, and a resolutions was dopted extending the time of adjournment until Thursday.

The bill for the ascertainment of the amount expended by the United States in arming troops, and the sum thus ascertained to be a set off on the direct tax imposed on the state was passed.

The bill requiring the commanders of merchant vessels to take the oath of allegiance was passed.

The bill passed explanatory of the fifth section of the confiscation act, so that its action will not be retractive.

Adjourned.

LOUISVILLE, July 15th.

Three members of Hewitt's battery, who escaped from Murfreesboro, report that the battery and 3rd Minnesota surrendered. Col. Duffield was mortally wounded, and Gen. S. S. Crittenden, of Indiana, is a prisoner. An escaped prisoner asserts that the 1st, 2d, and 4th Ga., and the 1st Ky. regiments, Texan Rangers, and 1700 mounted infantry, under command of Forest and Warner, 6,000 in all, are advancing on Nashville. The 4th Pa. cavalry, and the 74th Ohio, have arrived from Lebanon. Four regiments are coming from Huntsville. A convalescent camp of 150 of the 11th Mich. are still in this city with their camp equipage.

CORINTH, July 15.

At headquarters I am officially informed of the arrival of Gen. Curtis' army at Charleston, on the 11th, after a brisk skirmish, wherein the rebels were worsted.

Six thousand made a stand on Corckie river, near Round Hill. Col. Harvey, of the 33rd Illinois, commanding the advance of Steele's division, was afterwards reinforced by two companies, and attacked and completely routed the rebels, scattering them in all directions, nearly all going towards Little Rock. They also evacuated Demval's Bluff.

LATER.—Gen. Curtis' advance has reached Helena. The army is in good condition and spirits; provisions scarce, but supplies are coming from Memphis.

The Louisville Bulletin says that Morgan's band last night destroyed a long bridge on the Kentucky Central railroad, between Cynthiana and Paris.

A gentleman residing near Cynthiana says that Morgan's movements on Frankfort and Lexington were feints, the real object being to strike the railroad at Paris and destroy Townsend Viaduct, which it would take six weeks to reconstruct, and then destroy the property in Bourbon county, and then return to Harrodsburg or Mt. Sterling.

Advices from Lexington last night, to Mayor Hatch renders part of the above improbable.

Reports this evening say that the railroad track between Lexington and Frankfort has been torn up by guerrillas.

MEMPHIS, July 14.

Guerrillas near Memphis are becoming very bold, burning cotton almost in sight of the city, disguising themselves as cotton buyers to find where it is secreted, and then come in force to burn it.

Seven scouts of the 11th cavalry near Henando, on Friday, were attacked and two were wounded and captured. The balance escaped.

LOUISVILLE, July 14.

It was the 9th instead of the 14th Michigan which was surrounded at Murfreesboro. The 11th Michigan arrived at camp, near Louisville Fair Grounds, yesterday noon, after an unsuccessful three days chase of Morgan.

NEW YORK, July 15.

The steamer Ariel has arrived from Aspinwall with $441,000 in treasure. The capitol of Mexico is temporarily removed to Santiago de Veraquas. Families are flying from the city to avoid the anticipated danger.

NEW YORK, July 15.

Notwithstanding the weather there was an immense gathering of loyal citizens, this afternoon, at Union Square, and equal to that held in April last, just after the fall of Sumter. Five stands for speakers were provided and the several presiding officers were Mayor Opdyke, Morrell, president o chamber of commerce, Hon. Hamilton Fish, Prof. Francis Seder and Gen. Fremont.—Among the many speakers were Rev. Dr. Rufus W. Clark, Samuel Osgood, Richard Starks and Francis Venton, and the presidents of the several meetings. All the speakers were vehemently in favor of upholding the government in all its war measures, until the the last armed rebel had surrendered. The enthusiasm among the mass was very strong and every allusion to the President or any of the generals in the field was vehemently cheered, as were also all depreciatory allusions to foreign intervention in our affairs.

CAIRO, July 14.

Special to Chicago Tribune.—From Memphis I have very reliable information that Jeff. Thompson was about twenty miles south of that place, on the Grenada road, with a force of 15,000 men. There is also a cavalry force of 600 men under Claib Jackson just south of the Memphis and Charleston road, and another force of 400 just north of that road, both distant fifteen miles from Memphis. These are the forces who for some time have been devastating the country about there, and burning cotton.

An order was issued by the provost marshal at Jackson last week, requiring residents to come in and take the oath of allegiance, and the city authorities, refusing to do so, were on Friday morning arrested.

A large lot of cotton was burned about eight miles from there on Friday.

VICKSBURG, July 12, via CAIRO, July 15.

Your correspondent has been down to the point immediately opposite the city. The town is apparently deserted, nobody being visible except a few soldiers in the batteries. The batteries are so planted as to be little visible from the river, and are evidently capable of making a stout defense. A rebel flag was flying from one of the public buildings, and a hospital flag from one of the larger buildings in the city.

To-Day's Report.

[Reported Exclusively for the Daily Gazette.]

MORNING DISPATCHES.

WASHINGTON, July 15.

The confiscation bill has not yet returned to congress with the president's approval. It is generally thought his request for a prolongation of the session has reference to that measure. There is some hesitancy in signing the act. A report has been circulated, to-day, that the president is preparing a veto message; while another rumor among politicians is that he will suggest modifications of the bill. In either event there is no doubt, judging from the large majority by which it was passed, namely, of two-thirds in the senate and nearly so in the house, that congress will not adjourn without securing a measure of that character.

The border state representatives, to-day, finally agreed upon their reply to the President's emancipation proclamation. It is represented as temperate and respectful. They cannot, for reasons stated, endorse his policy, and differ from his belief that the declination of these states to act upon and adopt it, may or will prolong the war. They join in the recommendation that these states give it a respectful consideration, but in no way commit themselves to its support. Probably twenty members of congress have been in consultation on the subject. Some of those from the border slave states were not present at the meeting, while others have left the city. Several will prepare a reply of their own.

NEW YORK, July 16.

At a meeting of grain shovelers, last evening, it was agreed that they would go to work, to-day, on any vessel not employing elevators.

Times' Washington dispatch states that the real reason for the request of the President to postpone the adjournment of congress one day is, that he is troubled about the confiscation bill. He says he did not receive the bill till late, and did not have time to give it that careful examination he desired. He has been engaged all day writing a message on the subject. Of course it will be looked for with great interest. It is rumored that he will veto the bill. Of course he would not write so elaborately to give it his approval. He will probably return the bill without his signature, and point out the changes he thinks essential to make the act politic and bring it within the pale of the constitution.

The reply of the border state representatives to the president is withheld waiting his action on the confiscation bill. In a certain contingency the correspondence may not be published at all. There is a division of sentiment of the border states on the main subject. Fisher of Delaware, Blair of Virginia, Carry of Kentucky and Maynard of Tennessee, will advocate immediate action by their states. All the other representatives decline to commit themselves unless the government shall first make the appropriation necessary to consummate the scheme. May, of Maryland, refuses to recognize the subject at all.

Rumors are current and credited, to-night, that important changes in high quarters are to be made. No action will be made on the Niagara ship canal project, the papers having been referred to a select committee consisting of Messrs. Van Horn, Blake, Menzies, Trowdridge, Rice, Davis and Cravens, which will not report till after the recess.

Herald's dispatch.—It is said that the committee on ways and means agreed, to-day, to report to the house a bill making postage stamps a legal currency, and that the idea was recommended by Secretary Chase.

AFTERNOON DISPATCHES.

NEW YORK, July 16.

The Persia from Liverpool via Queenstown 6th, arrived at her dock at noon, to-day. The New York correspondent of the Times, after pointing out the difficulties of the present position of the Union forces, contends that the capture of Richmond will make no difference except merely to transfer the war further south. The truth is, an armistice, and then a settlement of this deadly quarrel by peaceful separation, is the only solution of the difficulty.

The Army and Navy Gazette says:—Although it has always maintained the power of the north to take the principal military points in the south, there has been no time since Ball Run when their position and ability to do so looked more precarious. It thinks the battle of Richmond will determine the fate of the campaign in Virginia, but will not stop the war. In the meantime there is no chance for the smallest intimation of good offices.

The Times had given place to a letter to a Mr. Patter, president of the Manchester chamber of commerce, in which the writer urges the government to grapple with the cotton question in India; and on the following day another correspondent contended that government interference would be prejudicial. It is stated that the military staff in Canada would soon be what it was before the Trent affair. The propriety of opening communication with Grenada and British Columbia was debated. Government admitted that such communication was very desirable.

Admiral Graviere embarked on the 3d of July, in the iron-plated frigate Normandy.

LONDON, July 6.

The Daily News says: The Americans in London met on the 4th of July to celebrate the day, but no account of the proceedings is given. The same journal, editorially, denounces in sarcastic terms the mischievous malignity of the Times, for its Pharicaical and ill-feeling to America in her hour of trouble.

The Morning Star has also a denunciation of the Times for its outrage on America's sensibilities on the most sacred of days to the American people. It hopes that Americans will see the insolence of the unEnglish writers with disdain, and says the writer is not more the enemy of their country than the disgrace of his own.

The Morning Herald argues that the prosecution of the war, and the celebration of the 4th of July, constitute as glaring a case as was ever alleged against a civilized nation, and that if professions meant anything in America, the mere reading of the Declaration of Independence should suffice to condemn the invasion of the confederate states, as utterly inexcusable in principle, and erroneous in policy.

The Epoche of Madrid says the Spanish government has received most satisfactory communications from its representatives at Washington as to the favorable effect produced upon the United States by the disinterested policy which Spain has adopted with regard to Mexico. The present relations of the cabinets of Madrid and Washington are most cordial.

APPORTIONMENT OF THE NEW REGIMENTS—The Madison Journal says: Governor Salomon has apportioned the state into five districts, for the purpose of raising the five new regiments called for, in response to the recent call of the president. The districts are as follows:

1. Racine, Kenosha, Waukesha, Walworth, Jefferson, Rock, and Green.
2. Milwaukee, Ozaukee, Washington, Sheboygan, Dodge, and Jefferson.
3. Dane, Columbia, Sauk, Marquette, Waushara, Iowa, and La Fayette.
4. Fond du Lac, Winnebago, Calumet, Manitowoc, Kewaunee, Door, Brown, Outagamie, Oconto, Waupacca, Shawanaw, Portage, Wood, and Marathon.
5. Grant, Crawford, Richland, Vernon, Juneau, Adams, La Crosse, and the counties to the north not already mentioned.

We understand that Gov. Salomon has tendered the colonelcy for the first district to Hon. Wm. L. Utley, of Racine, late adjutant general of the state; and that in the second district it will be given to Hon. Chas. Larrabee, late major of the fifth regiment.

☞ At the anniversary exercises of the Rockford Female Seminary, Miss A. Josephine Miller, of this city, read an essay—"The Universal Genius."

THE EIGHTH REGIMENT.—The Madison Journal of Tuesday says:—Lieutenants King, of company G, and Smith, of company K, 8th Wisconsin, arrived in this city last evening, direct from Corinth. They left the regiment last Saturday morning. The regiment was then encamped about nine and a half miles below Corinth, in a healthy and pleasant locality. We are glad to learn that the sanitary condition of the men, instead of growing worse as the season advances, is rapidly improving. At one time the regiment mustered only 450 effective men. It now has over 650 men on duty, and the number is constantly increasing.

Lieutenants King and Smith have returned in order to recruit for the 8th, and fill it up to the maximum.

Lieut. Col. Robbins returned to the regiment last week, having recovered from his indisposition.

Maj. Jefferson, whose serious illness we have hitherto mentioned, is now convalescent, and expects to be able to resume his duties within a fortnight.

☞ Secretary Chase recommends that congress pass a bill for making postage stamps a legal tender, to avoid the difficulty about small change.

☞ It is said that Gen. Pope's address to his army excites indignation among the friends of McClellan. We think Pope's friends are not very proud of it.

FAIRBANKS' SCALES.—Weighed in the balance of a just criticism, all are obliged to admit that the scales of Fairbanks & Co. are, without exception, the best ever invented. We know whereof we affirm, because we have tested their value, and are fully satisfied of their superior merits. The introduction of these scales has wrought a revolution in the transaction of various business, and their accuracy is such that a uniformity in weights has been established all over the country, thus making them a *national, legalized standard.* Nor are they confined to the United States; they have found their way to almost every part of the world, and are adapted to the standards of all countries, so that it may be said, all nations, if not "weighed in these balances," at least weigh by them.—*Hunt's Merchants' Magazine.* jul6dawl

TUESDAY, July 15—3 P. M.

The news from New York being of a more favorable character, the leading markets to-day were firmer.—Wheat advanced ½a1c per bushel, with a fair shipping demand—closing steady at 84½a85c for amber Iowa, 81a81½c for No. 1, 74a75c for No. 2, and 60c for rejected spring in store. The flour market ruled steady and firm at yesterday's prices.

Corn was quiet and easier, but without any material change. Old mixed sold at 26a27½c afloat, and 26¾a27c in store. Rejected at 25c afloat, and 24c in store.

Oats were steady at 26c. Rye was firmer and advanced ½a¾c, with sale at 41½a41¾c. Barley quiet.—Highwines were held firmly and advanced ½c per gallon, with sales at 29c.

Lake freights were steady at 11¼c for corn to Buffalo, and 14¾c for corn to Kingston.

Currency is in fair supply at 7a10 per cent per annum for satisfactory business paper. Gold is firm at 15 per cent premium buying, and 17a18 per cent selling. Old demand notes are in request at 6½ per cent premium.—*Journal.*

Pimples and Skin Diseases—Are the result of impure blood. The blood becomes thick and clogged. The skin is not able to cast off the impurities so important to health. How many young men and women we see with their faces covered with pimples and blotches, who are endeavoring to remove them by the use of soaps and washes of various kinds. This is very dangerous and should never be practiced by persons desirous of good health. Mothers who have children afflicted with sores and eruptions, should never dry them up by external applications, for in this way they will drive in the humors and produce ill health for the child during its whole life time. There is no mother that likes to see her child afflicted with feeble health.

JUDSON'S MOUNTAIN HERB PILLS are prepared expressly for the cure of eruptions of the skin, such as Pimples, Blotches, Sores, &c. They cleanse the blood of all impurities, producing a beautiful, clear and healthy skin, so much admired by all people of taste and refinement.

Judson's Mountain Herb Pills are sold by all Medicine dealers. jy16daw4w

Public Meeting.

We have been requested to give notice that a meeting of the Mayor, Common Council and Business Men of the city will be held *This Evening*, at the Council Room, at eight o'clock, to take into consideration the present scarcity of silver change, and adopt some measures to remedy the evil all suffer. The price for silver change is now fifteen per cent. premium, and imposes a tax business men cannot afford to pay. In many instances, persons have carefully hoarded silver, picking it up by a variety of devices while it was plenty, and are now attempting to extort the high price demanded, or subject the business of the city to the inconvenience of an almost entire absence of small change. It is hoped the meeting this evening will be generally attended, and some effectual remedy adopted.

Lady teachers in attendance upon the meetings of the association, will be provided with homes during their stay in Janesville.

Gentlemen will find excellent accommodations at the Hyatt, or Myers House, at a very liberal discount from the usual rates for day boarders.

Ladies will find a committee in waiting at Lappin's Hall during the day, Tuesday, who will introduce them to their places of entertainment.

The railroad companies of the state will offer the usual reduction of fare, giving free return tickets to those who have paid full fare in going to the association. All companies thus far heard from have consented to the above arrangement. From one company only no answer is yet received.

County superintendents may do much by calling the attention of teachers to this meeting, and by urging their attendance.

FEATHER RENOVATOR.—Persons wishing old feathers made as good as new will be interested in the announcement of Messrs. Pasco & Dexter. They use the same renovator as the one which gave so much satisfaction here sometime since, though their pecuniary transactions are not patterned after the same model of the former operator. They may be relied upon for fair and prompt dealing.

NEW FURNITURE.—By reference to our advertising columns, it will be seen that L. Moses has filled his store with new and desirable furniture of every description, which he offers at the lowest living prices. He is one of our oldest dealers, and will make his promises good, call and see him.

MAGAZINES.—Mosely & Bro., have received Harper and Godeys' magazines for August.

New Arrangement!

As improvement is the order of the day, I have made arrangements with WM. ADDY to take charge of my

and manufacturer, renders it certain that all work entrusted to him will leave his hands in perfect style. The old friends and customers of Mr. Addy are invited to visit him in his new quarters, and my own friends and customers may be assured that they will get a better article than at any other shop in the city.

GAS FITTING.—Mr. James Ferguson, a gas fitter of Milwaukee, formerly in the employment of Lockwood & Johns, in this city, is now in Janesville, and will receive for two or three days any orders our citizens may choose to give him.

State Teachers' Association.

EDITORS OF GAZETTE:—I believe you have already announced that the annual meeting of the Wisconsin State Teachers' Association is to be held this year in this city.

This Association will commence on Tuesday, the 29th inst., in Lappin's Hall, and the exercises will continue during each day and evening till Friday of the same week. The object of this association is to consider all the important questions that may arise pertaining to our public school system, as well as to discuss those practical questions relating to the management of schools, and methods of teaching, by which the teachers in attendance may derive mutual profit.—Many of these exercises—especially the evening address—will be highly interesting to all who may attend.

It has been the custom wherever this association has been held, and I think nearly all the leading cities of the state have been favored with it, to furnish accommodations to *all* the teachers in attendance during the time, free of expense. This has been done through the hospitality of the citizens, which has always been ample, and cheerfully bestowed. But, in view of the great number in attendance at the last meeting, it was resolved that, at the subsequent gatherings, they would ask the citizens to furnish accommodations to lady teachers only, and this will be expected of the generous people of Janesville during the coming session. The importance of this occasion, the fact that distinguished persons, not only from all parts of this state but from other states, are to be in attendance, and the good name which we should at all times sustain, should lead our people cheerfully to throw open their doors, and show that our city, which is already a model one in many respects, will not be excelled in the encouragement she may render to the noble enterprises of our state.

Committees appointed for the purpose will call upon the citizens of the place during the present week, to ascertain who will furnish the necessary accommodations to two or more of the lady teachers during the three days of the association. It is hoped that these committees will meet with a warm reception, and that their requests will be heartily responded to.

BY ORDER OF THE COMMITTEE.

SPIRITUAL LECTURE.—Mrs. McCoy will lecture at Lappin's Hall, to-night, on the Uses and Abuses of Spiritualism. Admission ten cents.

LARGE RECEIPTS.—McKey & Bro. are receiving a large quantity of new goods, for the particulars of which we refer to our advertising columns. The grass never grows under their feet.

HOME INSURANCE COMPANY,

OF

New York.

CHAS. J. MARTIN, President. A. F. WILMARTH, Vice President.
JOHN M'GEE, Secretary.

E. L. DIMOCK, Agent,
for Janesville and vicinity.

The Wall Street Underwriter, for April, has the following:

HOME INSURANCE COMPANY OF NEW YORK.—The annual statement of this our foremost local fire company, made up to the 1st of January last shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, president, A. F. Willmarth, vice-president, and John McGee, secretary, those well accredited officers very justly say: "The well-known reputation of the HOME, for fair and honorable dealing, together with its capital of ONE MILLION DOLLARS, and surplus of about half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our state, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the 1st of January last summed up to $1,521,268 08, against an actual liability of only $55,080.43. and moreover it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.11, very nearly enough to set up an ordinary company, bonds and mortgages $910,219.53, secured on real estate worth $1,715,900, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,636. Any one who is not satisfied with the security of the HOME as an insurance institution must be hard to please.

In 1861 the HOME wrote $106,715,118.00, taking $829,903 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of 10 per cent was paid on the million capital; and after reserving an ample reinsurance fund the company shows a "net surplus" of $160,611, clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

TO OUR PATRONS.

We take pleasure in laying before you the Eighteenth Semi-Annual Report of the affairs of this company, with a comparative statement of its progress from year to year, together with a statement of the dividends declared to customers, the amount of Scrip Fund representing such dividends, and the *net surplus* accumulated, since the plan of allowing the customers of this company to participate in the profits of the business was adopted; from which it is apparent that by the system pursued the customers of the company obtain a *constantly increasing* SECURITY at the smallest possible expense, and that this is obtained WITHOUT ANY LIABILITY WHATEVER TO THE INSURED.

The Net Surplus of the company, January 1, 1862, over and above all liabilities, after reserving a sum sufficient to re-insure all outstanding risks, was $428,287.24.

The company having reserved the right to issue non-participating policies, is prepared to issue such policies to persons desiring them, at rates as LOW AS ANY COMPANY can insure, and at the same time offer security worthy of the name.

Public Meeting.

We have been requested to give notice that a meeting of the Mayor, Common Council and Business Men of the city will be held *This Evening*, at the Council Room, at eight o'clock, to take into consideration the present scarcity of silver change, and adopt some measures to remedy the evil all suffer. The price for silver change is now fifteen per cent. premium, and imposes a tax business men cannot afford to pay. In many instances, persons have carefully hoarded silver, picking it up by a variety of devices while it was plenty, and are now attempting to extort the high price demanded, or subject the business of the city to the inconvenience of an almost entire absence of small change. It is hoped the meeting this evening will be generally attended, and some effectual remedy adopted.

Lady teachers in attendance upon the meetings of the association, will be provided with homes during their stay in Janesville.

Gentlemen will find excellent accommodations at the Hyatt, or Myers House, at a very liberal discount from the usual rates for day boarders.

Ladies will find a committee in waiting at Lappin's Hall during the day, Tuesday, who will introduce them to their places of entertainment.

The railroad companies of the state will offer the usual reduction of fare, giving free return tickets to those who have paid full fare in going to the association. All companies thus far heard from have consented to the above arrangement. From one company only no answer is yet received.

County superintendents may do much by calling the attention of teachers to this meeting, and by urging their attendance.

GAS FITTING.—Mr. James Ferguson, a gas fitter of Milwaukee, formerly in the employment of Lockwood & Johns, in this city, is now in Janesville, and will receive for two or three days any orders our citizens may choose to give him.

State Teachers' Association.

EDITORS OF GAZETTE:—I believe you have already announced that the annual meeting of the Wisconsin State Teachers' Association is to be held this year in this city.

This Association will commence on Tuesday, the 29th inst., in Lappin's Hall, and the exercises will continue during each day and evening till Friday of the same week. The object of this association is to consider all the important questions that may arise pertaining to our public school system, as well as to discuss those practical questions relating to the management of schools, and methods of teaching, by which the teachers in attendance may derive mutual profit.—Many of these exercises—especially the evening address—will be highly interesting to all who may attend.

It has been the custom wherever this association has been held, and I think nearly all the leading cities of the state have been favored with it, to furnish accommodations to *all* the teachers in attendance during the time, free of expense. This has been done through the hospitality of the citizens, which has always been ample, and cheerfully bestowed. But, in view of the great number in attendance at the last meeting, it was resolved that, at the subsequent gatherings, they would ask the citizens to furnish accommodations to lady teachers only, and this will be expected of the generous people of Janesville during the coming session. The importance of this occasion, the fact that distinguished persons, not only from all parts of this state but from other states, are to be in attendance, and the good name which we should at all times sustain, should lead our people cheerfully to throw open their doors, and show that our city which is already a model one in many respects, will not be excelled in the encouragement she may render to the noble enterprises of our state.

Committees appointed for the purpose will call upon the citizens of the place during the present week, to ascertain who will furnish the necessary accommodations to two or more of the lady teachers during the three days of the association. It is hoped that these committees will meet with a warm reception, and that their requests will be heartily responded to.

BY ORDER OF THE COMMITTEE.

SPIRITUAL LECTURE.—Mrs. McCoy will lecture at Lappin's Hall, to-night, on the Uses and Abuses of Spiritualism. Admission ten cents.

LARGE RECEIPTS.—McKey & Bro. are receiving a large quantity of new goods, for the particulars of which we refer to our advertising columns. The grass never grows under their feet.

HOME INSURANCE COMPANY,

OF

New York.

Cash Capital and Surplus Over

$1,500,000.00.

CHAS. J. MARTIN, President. A. F. WILMARTH, Vice President.

JOHN M'GEE, Secretary.

E. L. DIMOCK, Agent,

for Janesville and vicinity.

The Wall Street Underwriter, for April, has the following:

HOME INSURANCE COMPANY OF NEW YORK.—The annual statement of this our foremost local fire company, made up to the 1st of January last shows a condition of such positive strength and prosperity as to challenge unqualified admiration. In a circular accompanying the statement, subscribed by Charles J. Martin, president, A. F. Willmarth, vice-president, and John McGee, secretary, those well accredited officers very justly say: "The well-known reputation of the HOME, for fair and honorable dealing, together with its capital of ONE MILLION DOLLARS, and surplus of about half a million in addition, all well invested, commend it to the special favor of all who desire reliable protection in the way of insurance, either fire or inland."

This is not saying one word too much for their company. The HOME is the crack company of our state, in high credit all over the Union, worked upon a comprehensive plan, and managed with admirable skill and efficiency. The assets of the HOME on the 1st of January last summed up to $1,521,268.08, against an actual liability of only $55,080.43 : and moreover it is worth noting that the assets are all of the very first class. The balance in bank in cash was $124,434.14, very nearly enough to set up an ordinary company, bonds and mortgages $910,219.53, secured on real estate worth $1,715,900, and then government and other stocks, equivalent to cash and convertible into cash any day, $320,636. Any one who is not satisfied with the security of the HOME as an insurance institution must be hard to please.

In 1861 the HOME wrote $106,715,148.00, taking $829,903 premium, and paid losses $535,775, including some losses for the year 1860. A dividend of 10 per cent was paid on the million capital; and after reserving an ample reinsurance fund the company shows a "net surplus" of $160,644, clear over capital and all claims, actual or possible, practical or theoretical.

The HOME is a good "testimony" in all places to the enterprise, energy and progress of the city of New York.

TO OUR PATRONS.

We take pleasure in laying before you the Eighteenth Semi-Annual Report of the affairs of this company, with a comparative statement of its progress from year to year, together with a statement of the dividends declared to customers, the amount of Scrip Fund representing such dividends, and the *net surplus* accumulated, since the plan of allowing the customers of this company to participate in the profits of the business was adopted; from which it is apparent that by the system pursued the customers of the company obtain a *constantly increasing* SECURITY at the smallest possible expense, and that this is obtained WITHOUT ANY LIABILITY WHATEVER TO THE INSURED.

The Net Surplus of the company, January 1, 1862, over and above all liabilities, after reserving a sum sufficient to re-insure all outstanding risks, was $428,287.24.

The company having reserved the right to issue non-participating policies, is prepared to issue such policies to persons desiring them, at rates AS LOW AS ANY COMPANY can insure, and at the same time offer security worthy of the name.

Something for Every Citizen, Every Fireside,

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION

and the

WAR FOR THE UNION:

A History of the

Rise and Progress of the Rebellion,

and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the STORY AS IT IS, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected and complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, useful and satisfactory to every citizen, every family, every office, every library; and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the *saving of time* and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all our Branch Offices are furnished with the

GENUINE ARTICLE.

In case of small purchases, the money may be sent in postage stamps or bank notes.

☞ Correspondents will please write their names distinctly. It is all important that we should in each case know the post office, county and state.

☞ All persons requiring information about Sewing Machines, their size, prices, working capacities, and the best methods of purchasing, can obtain it by sending to us, or any of our Branch Offices for a copy of,

I. M. SINGER & CO.'S GAZETTE,

which is a beautifully illustrated Pictorial Paper. *It will be sent Gratis*

☞ We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection*. We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.

The only Correct and Complete

HISTORY OF THE WAR.

THE SOUTHERN REBELLION

and the

WAR FOR THE UNION:

A History of the

Rise and Progress of the Rebellion,

and

Consecutive Narrative of Events and Incidents, from the First Stages of the Treason Against the Republic down to the Close of the Conflict,

TOGETHER WITH IMPORTANT DOCUMENTS AND EXTRACTS FROM REMARKABLE SPEECHES.

In Weekly Parts, 32 pages, large 8vo, Price 10 Cents.

THE want of an *authentic* and *thorough* History of the Rebellion, for present reference and future preservation, is the subject of general remark. No work of that nature has yet been offered to the public, and all who wish for information are compelled to grope through the mazes of the rumors, reports, dispatches, letters and editorials of the daily newspapers, to *precipitate*, from its confused columns, the great facts and incidents of the struggle for the Union.

To meet this want, and to produce a work of *permanent value as well as of present interest*, the publisher has arranged for the issue of the history as above set forth—in a form and at a price which shall render it *acceptable to all*.

This history will tell the Story as it is, giving a clear, consecutive narrative of the entire movement, including all the incidents and events in their exact order, and containing the important documents and extracts from remarkable speeches. It will not be a mere diary, nor a mere enumeration of dry and naked dates, nor a compilation of slips from newspapers, but will portray in connected and interesting narrative, the revolutionary steps, as well as the measures of the government.

It will carefully digest all evidence—will sift all rumors and reports—will fix upon facts, and correct so far as possible the errors and discrepancies incident to the hasty narratives of the newspapers.

It will be written in a style suited to its theme—at once graphic, earnest and luminous, introducing such personal and social incidents as may serve to show the relations of individuals and communities to the grand events of the time.

It is true, everybody reads the newspapers, but the reports of the newspapers are the fragmentary and contradictory children of the moment, and not a *correct, connected* and *complete* history. The above publication, afterwards bound in a handsome volume, will be a book for the family, which will be valued like the records of the War of Independence, or the Life of Washington, and worthy to be kept for children and grand-children, as a memorial of the present time.

It will thus prove desirable, available and satisfactory to every citizen, every family, every office, every library: and is given to the public in the full assurance that it will command the approbation of every patriot, every Union man, every good citizen in our still Glorious Land.

The Nos. 1 and 2 machines are of great capacity and application for manufacturing purposes.

Our No. 3 machines are especially adapted to all kinds of light and heavy

LEATHER WORK,

in Carriage Trimming, Boot and Shoe Making, Harness Making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest sized dashes. There is scarcely any part of a Trimmers' stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table under these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as small ones.

We would ask for our Letter A machines, the special attention of Vest Makers and Dress Makers, and all those who want machines for Light Manufacturing purposes. They embody the principles of the standard machines, making like them, the interlock stitch, and are destined to be as celebrated for Family Sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand

Hemming Guages, Silk Twist, Linen and Cotton Thread on Spools, Best Machine Oil in Bottles, etc., etc.

We manufacture our own Needles, and would warn all persons using our machines not to buy any others. We know that there are needles sold *of the most inferior quality*, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

We have made the above Reduction in Prices with the two-fold view of benefitting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a machine are: *certainty of correct action at all rates of speed, simplicity of construction, great durability and rapidity of operation, with the least labor.* Machines to combine these essential qualities, must be made of the *best metal* and *finished to perfection.* We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread it may concern, will find that those having the above qualities not only work well at *rapid* as well as *slow* rates of speed, but *last long* in the finest possible working order. Our machines, *as made by us*, will *earn more money* with *less labor* than any others, whether in imitation of ours or not. In fact, they are cheaper than any other machine as a gift.
